

## Save the Date

In **January 2020**, Fresno County Department of Public Health will release a funding opportunity for **home visitation** services through a partnership with First 5 Fresno County.

## Intent of Request for Proposals (RFP)

Fresno County Department of Public Health seeks to partner with **local community-based organizations (CBOs)** to provide direct services to families who otherwise would not qualify for nurse-based home visitation supports. These partnerships will create Community Health Teams, pairing public health nurses with teams of CBO paraprofessionals to provide researched-based **home visitation** services to underserved families in targeted Fresno County communities.
